

FSH ^{ATM} systems

Turnkey ATM Systems

Whether it is to support online or retail merchandise transactions, FSH is focused on developing a range of commerce solutions for our business customers. In partnership with GroupMidwest, FSH has developed a turnkey ATM Solution that will enable our merchant customers to maximize

income opportunity through placement of an ATM in their establishment. While an ATM provides an obvious convenience factor for a merchant's customers, maximizing its financial benefits can result in the ATM becoming the most profitable per square foot item in the store.

FEATURES

- Revenue share on the surcharge fee
- Diebold ATM Equipment Delivery & Installation
- Ongoing Service (warranty / maintenance)
- Training
- Monitoring and All Supplies
- Brinks and Loomis Security Transportation and Cash Logistic Services

OPPORTUNITIES

- Makes cash readily available to spend in your location
- Reduces bad checks and fees as well as credit card usage and fees
- Creates incremental sales and a larger customer base
- Creates more sales profit opportunities

"Today, FSH processes millions of small transactions everyday—at a fair profit level. This capability enabled a simple and effective entry into the ATM market."
